FULLY SERVICED APARTMENTS

Inns that care

Serving your senses

Luxury redefined

Clarks Inn Group of Hotels is India's premier hotel management company with a nationwide presence and steadily growing. With about 45 hotels, both operational and upcoming, spread across 15 States and Union Territories, Clarks Inn Group of Hotels is recognized globally for its world-class services and hospitality. This chain of luxury hotels owned by the company includes:-

Clarks Varanasi
Clarks Shiraz (Agra)
(North India's 1st 5 Star Hotel and 2nd in India)
Clarks Amer (Jaipur)
Clarks Avadh (Lucknow)
Clarks Khajuraho

Over the years, we have developed a holistic understanding of the hospitality industry – what makes a successful hotel, the changing consumer preferences, international trends, issues pertaining to specific segments such as business and leisure, domestic and international. We have also forged strong relationships with the travel trade, Which is critical to the success of any hotel brand.

Clarks Residences is a complete solutions provider in the serviced Residences space. It aims to bring professionally managed services to Your home, with an offering that's truly world-class. What we bring to the table is not only expertise But also our tremendous brand equity.

We are happy to announce our association with one Of the most unique project "Rise sky Bungalows" Coming near South Delhi and look forwards to serve you

Green Design

Light Optimization

The basic nature elements namely the sun, water and air have been well-studied with their behavior on this land. Every SkyBungalow resident lives as a responsible citizen enjoying abundance of facilities and being able to effortlessly conserve energy and contribute their part.

Smarter and greener electrical fittings for energy conservation and lighter electricity bills.

Energy Efficient Fixture

Other Project	At SkyBunglows
 NORMAL BULB	 CFL
Higher	Energy Consumption
12,00 Hours	Bulb Life
	20% Less
	8,000 Hours
	More light
	ENERGY SAVING
	Money Saving

Correct Selection of fixture

Other Project	At SkyBunglows
DOWN LIGHTING	
LESS Light	MORE Light
MORE Fixture	LESS Fixture
HIGHER Bills	LOWER Bills
	

GREEN FEATURES

Green Design

Each structure has been placed in angles that allow light to pass from all four sides.

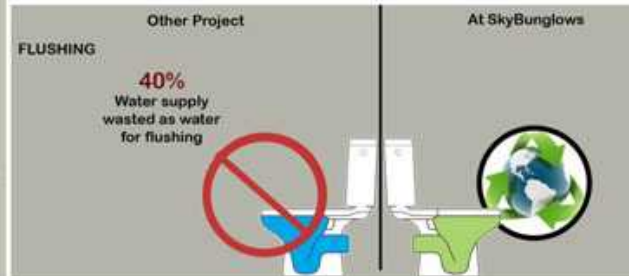

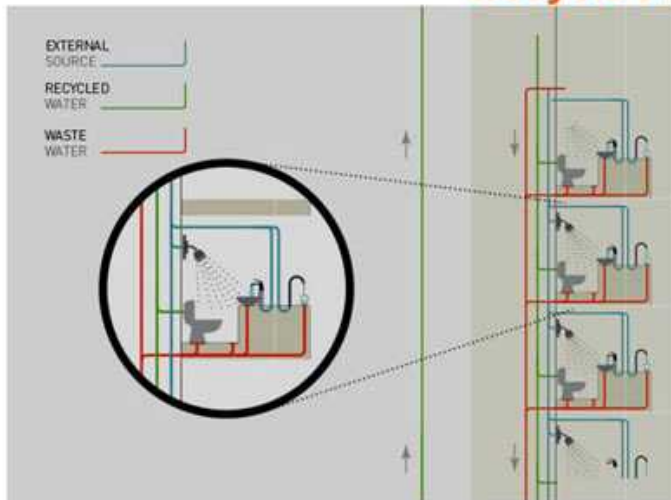

Water

Keeping the natural water bodies alive, creating small and regular water spots for the birds and passing maximum rain water back to the earth - elaborate investments made by SkyBunglows to preserve nature's precious water reserve

Recycle Water Utility

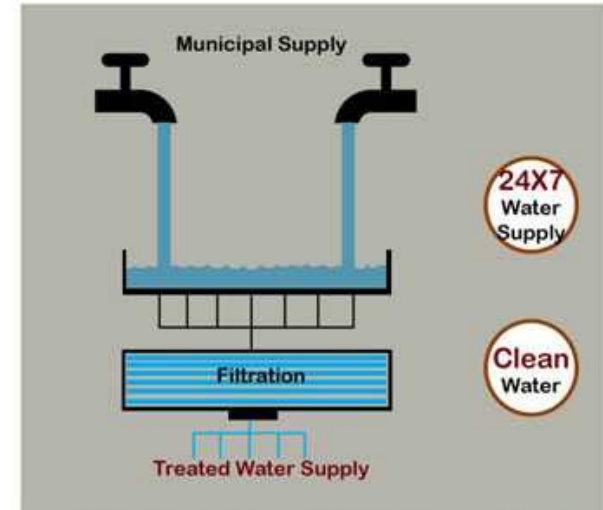

All used water to be re-cycled and re-used for toilet flushing and watering the greenery

Recycle Flush Water

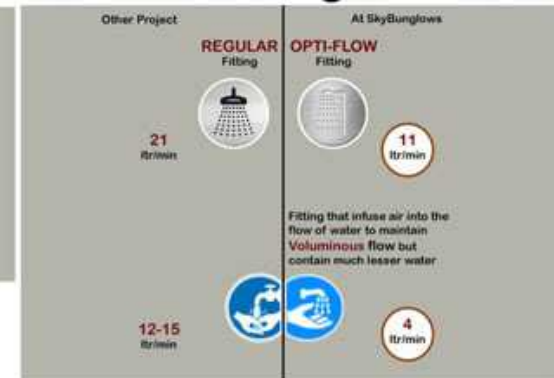

Water used for Flushing at SkyBunglow is recycled & reused. This result in **saving of 40%** of the regular water usage.

Adequete Water Supply

Municiple water to be filtered daily before being diverted to the residences at SkyBunglow via a filtration plant

Low Flow fitting Fixtures

Ensuring the optimum amount of water needed per person on a daily basis, and to follow overall water use sustenance standards, latest contemporary low flow fittings will be used
